BIGMOUTH STRIKES

This week Anthony talks cup upsets and underdogs as he previews our cup game.

AGAIN

We all love a Cup upset. Unless you're a supporter of the 'big' team, you automatically want the 'smaller' one to win, right? The bigger the gap between the teams, the more you favour the underdog.

Cup-ties are about the lesser team raising its game against superior opposition; everyone of my generation remembers the legendary non-league vs First Division encounters when the minnow swallowed the big fish— Hereford beating Newcastle, Sutton beating Coventry, Wimbledon (then in The Southern League) taking mighty Leeds United to a replay, with keeper Dickie Guy (funny how the name stuck) saving a penalty from Peter Lorimer, who had the fiercest shot at the time.

I remember in 1998 West Ham were drawn at home in the third round against Emley, a village in Yorkshire with a population of 1500 whose team was in a minor league. The fact they made it to the third round was extraordinary, but surely they would be brought down to Earth. In those days, big teams fielded their best XI in the FA Cup regardless of the opposition. My anticipation of a cricket-score result was heightened when Frank Lampard scored early, but the plucky non-leaguers dug in and unbelievably equalised midway through the second half. With five minutes remaining and the nightmare of a midweek replay

under lights in pouring rain looming, John Hartson powered home a winning header and I breathed out.

The relieved Hammers eventually exited after losing a penalty shoot-out to Arsenal, the Cup and League double-winners that season. We battered them throughout both games but couldn't find that elusive winning goal. From nearly drawing with a non-league team to nearly beating the champions—that's Cup football in a nutshell.

Ok, so in our Somerset Premier Cup tie v Clevedon, The Cobblers aren't exactly in Emley's position v West Ham, but they can still claim the role of underdogs (like West Ham v Arsenal) despite supposed home advantage. Earlier this season, they were probably marginally more deserving of all three points in a 2-2 draw at their ground.

They're top of the table, fourteen points ahead of us with a game in hand, and are favorites for promotion, alongside Portishead, who will provide the opposition in our other cup venture, the Les Phillips Cup semi-final. In both cases, we'll rank as underdogs, so while a Street victory on Tuesday mightn't count as a true 'upset,' it would still be something to savour.

STREET FC VS PORTISHEAD TOWN

'Fine Margins' is a term you often hear in relation to the outcome of football matches. Well in this case it was about 2/3 inches – the width of a goalpost – that twice prevented Street from registering a score in this stirring encounter between two closely-matched sides, writes *Anthony Randle*

High-flyers Portishead certainly knew they'd been in a contest with one of their staff commenting afterwards that The Cobblers were the best side they'd faced this season.

Who knows what the outcome might have been had those two terrific first-half strikes, one from Scott Laird and the other from Harry Foster, gone in rather than

striking the woodwork and rebounding to safety? If perhaps Portishead had more of the play, they didn't trouble Street's stand-in keeper Jim Weekes with the home defence successfully blunting their attacks in an absorbing first period.

It was a breakaway shortly after the restart that enabled the visitors finally to catch Street out at the back as they moved the ball swiftly upfield leaving Jake Horsey exposed against the pace of their striker who slotted it home after running away from The Cobblers' skipper. With Harry Foster having gone off injured shortly after his first-half near-miss the home side posed less of an attacking threat in the second but were still in the game until the 75th minute when an unfortunate misplaced clearance by Weekes presented Portishead with their second. On another day this might have been a draw but for those pesky fine margins.....

Brislington CLUB HISTORY

In 1956, Brislington Football Club revived with an under-16 team in the Bristol Church of England League. Managed by Bill Parsons, they won the Somerset Intermediate Cup in 1961-63 and the Somerset Junior Cup in 1963-64. By 1965, they reached the senior division of the Bristol and Suburban League and made the Somerset F.A. Senior Cup final in 1967, losing to Chard Town. They moved to the Somerset Senior League, winning the League Cup in 1977 and Premier Division runners-up in 1980. In 1989, they won the Premier Division title and Somerset FA Senior Cup, earning promotion to the Great Mills Western League.

In 1994-95, they won the Great Mills League First Division and the Senior Cup. Floodlights and a new stand led to promotion to the Premier Division. They finished third in the Screwfix League in 1999-2000. In the early 2000s, they were Premier Division runners-up and reached the Les Phillips Cup final in 2003.

After managerial changes in 2004-05, Brislington finished mid-table. In 2007/2008, they celebrated their 50th anniversary, and in 2011/2012, formed a Ladies Team. In 2012/2013, the First Team finished Western League Premier Division runners-up, but promotion was denied due to ground issues. The Ladies Team won multiple titles.

In 2022/23, Brislington won the league title with 130 goals and reached the Les Phillips Cup semi-final. In 2023/24, they secured promotion through a dramatic playoff win, while the U18s won their league, with ten players advancing to the first team.

Welcome to the Tannery Ground
Brislington FC.

This will be our last league home match for a while and we will be doing our upmost to bounce back after last weekends result.

Today's opponents have had some positive results and displays this season, one being against ourselves. On that day we were way below our standard of play and team cohesion. The players know how important it is to gain maximum points if we are to keep climbing the table and maintain our top 5 status.

We will be doing our upmost to right our wrongs and get back to winning ways.

Please keep the fantastic support and cheering on the team.

Clevedon Town CLUB HISTORY

Clevedon FC, one of the oldest clubs in the West Country, were founding members of the Western League in 1892, though they played only three seasons before dropping to local leagues. They returned to the Western League until World War One, initially playing at Dial Hill and later at Teignmouth Road from 1895. After the war, Clevedon played in the Bristol & District and Suburban Leagues before joining the Somerset Senior League in 1933. They returned to the Western League after WWII, where they remained until winning their first-ever League title in 1992/93, earning promotion to the Southern League.

Clevedon gained national attention in the 1950s, especially in the FA Amateur Cup, with notable victories over teams like Salisbury and Ilford. They also won the Somerset Senior Cup multiple times and the Somerset Premier Cup in the 1980s and '90s.

In 1992/93, Clevedon won the Western League title and moved to The Hand Stadium, named after the Hand family, who had supported the club since the 1890s. They went unbeaten in their first season at the new ground, breaking numerous records. Under manager Steve Fey, Clevedon finished fifth in their first Southern League season. The club reached the FA Cup First Round in 2006/07 but later faced financial struggles.

In 2011, The Hand Stadium was sold, and Clevedon became tenants. Despite setbacks, they won the Southern League Cup in 2012 and returned to the Western League in 2015 after relegation. In 2023/24, they finished fourth in the Premier Division, qualifying for the play-offs but losing 2-0 in the final at Falmouth Town.

CLUB HISTORY

**FOUNDED IN 1880,
STREET FOOTBALL CLUB
IS ONE OF THE OLDEST
ASSOCIATION FOOTBALL
CLUBS IN SOMERSET.**

Street FC were given the nickname 'The Cobblers' due to the large shoemaking industry in the village and surrounding area.

The Club won the Somerset Senior League 5 times and the Somerset FA Senior Cup 3 times before making its first foray into the Western League a few seasons before the onset of World War One. The Club also had its best FA Cup runs reaching the First Round Proper twice, once either side of World War Two; in 1938 away to Ipswich Town and 1947 at Cheltenham Town - after beating Yeovil Town 2-1 in front of a record 5,000 crowd at The Victoria Field in the previous round.

The closest the Club came to winning the Western League Championship during the 20th century was in season 1952-53 when

they were pipped to the title by Barnstaple Town, who had a 0.01 better goal average after the sides had finished level on 44 points each. Season 1996-97 saw the Club win the Somerset Senior League for a record eighth time, thus gaining promotion back to the Western League after a 37-year absence.

Ten years later, after gaining promotion to the Premier Division in season 2005-06, the Club had its best run in The FA Vase when reaching the Fifth Round Proper before losing at Wimborne Town. After finishing as Premier Division Runners-up the previous season, the 2017-18 campaign was the Club's 50th in the Western League, and was a momentous one too!

Early results were inconsistent: but starting on 12th September, manager Richard Fey's charges completed a sensational run of 26 consecutive league victories that eventually saw the team win the title by 15 points (falling just one point short of the century) after winning 32 of their 38 games and scoring 100 goals, thus earning a place in the Southern Football League for the first time in the Club's 138-year history.

However, 2018-19 was to be the only season at the higher level for the Club as it soon became clear that Southern League football was a 'step too far': and despite a respectable seventh-place finish, the decision was taken to protect the long-term future of the Club and return to the Toolstation Western League.

In 2023/24 the Victoria Sports first joined the club to make up the reserves team squad. They did well finishing in 5th, and this season James Carey has been appointed Manager to try and get the team back to Division 1 of the county league after achieving this feat with local county league side Ashcott.

2024/25 is set to be a new exciting chapter for club with a new committee team, a rebrand plus Ben Watson and Scott Laird appointed as new managers.
