Staying out FOR THE SUMMER

Good afternoon friends and Fishermen, for this Extra Preliminary Round of the Emirates FA Cup. The Road to Wembley starts here.

Brixham were promoted from our league last year and our tasting life in the southern league this season- an extra shout out for providing a very good PRINTED programme in the seasons they've been in the Western League and I hope is continuing this year.

Staying Out For The Summer is a track from the band Dodgy form their 1994 album. Their most famous song 'Good Enough' a proper Brit pop summer classic is certainly a way to describe our opening result last Saturday in the league- check out the match report.

We have to shout out the England Womens team, who last weekend secured back 2 back European Championships. So nice they had to win it twice!

The FA cup for me is, and will always be a special trophy. The history and the tradition. My family club Aston Villa haven't won it since 1957- nearly 70 years ago- but I wonder with it being on my birthday in May if they might give the best present ever! That's of course, if the mighty Cobblers don't get there as well!

We are back home again next Saturday then our first midweek home game, we've updated the fixtures so they are as bang up to date as they can be.

Enjoy the game

THE CUP THAT *Cheers*

Just seventy seven days after Eberechi Eze's goal secured Crystal Palace's first major trophy, a mere eleven weeks since that day in May, the Football Association Challenge Cup competition kicks off season 2025/26 with today's tie being one of 223 scheduled over this weekend.

With total clubs entered being of jumbo-jet proportions (747) this season - on a par with recent seasons - it doesn't cease to amaze me that we get down to just two teams come the following Spring.

I've followed the fortunes of Cheltenham Town for as long as I can remember and, when they were a non-league side, the F.A. Cup was always something to look forward to for sure but that tended to be from September onwards, when the team had had the opportunity to gel, not the first competitive game of the season.

But that's where we are these days and those involved at this early stage have to get on with it, I guess. And, as touched on in the opening paragraph, that involves the not insignificant number of 446 teams at the time of writing.

And what an interesting selection of clubs there are: from West Allotment Celtic to Pontefract Collieries to East Cowes Victoria Athletic, Baffin Milton Rovers to Tadley Calleva and, not content with being the home of the current Premier League Champions, both South Liverpool and City of Liverpool are flying the flag for the Mersey city. With the draw having been made, already, for the next round in a couple of weeks time, tempting fate by seeing

who your chosen team MIGHT be playing come 16 August is a perfectly understandable reaction. (The winners of today's tie will be home to Mousehole or Bridgwater United - you read it here first!)

So, the F.A. Cup and Street FC - last season saw them exit at the first time of asking following defeat at Exmouth Town by the narrowest of margins. Ironical really that Town's opponents in the next round were today's visitors, Brixham AFC.

That tie was not without incident and, with Town 3-0 to the good, a serious injury to one of their players caused the game to be abandoned. The tie being played again some four days later saw Brixham take full advantage

of this second chance coming out 2-0 winners. Short-lived celebrations, however, as they went out to Willand Rovers in the next round. As regards Street, all a far cry from their best performance in the competition, but you have to go back to the last completed season before World War II to find it! Football was a different game then, as none of us needs reminding. High scoring games were the norm especially in the F.A. Cup. Thirteen goals scored in three rounds to take them into the First Round Proper and only three conceded resulted in a classic 'David & Goliath' tie of Ipswich Town away - Town, having been newly elected to Division Three at the end of 1937/38. There were another seven goals in this tie, unfortunately, all to the home side and the run was over.

Back to today and all to play for then and with prize money at stake, (£1125 to the winners of today's tie, £375 to the losers), maybe an added incentive at times like these. Researching for any article usually throws up some interesting snippets of information. Looking at non-league sides who've progressed to the 1st

Above, Crystal Palace celebrate their FA Cup win, upsetting Man City in last season final.

Left, Eze celebrates his deciding goal.

Round Proper of the F.A. Cup, a piece concerning Bideford AFC caught my attention. In reaching that stage of the competition back in 1973/74 they amassed a total of thirteen games in doing so! Unheard of these days but, for younger readers(!), the

idea of penalty shoot-outs back then were the stuff of pipe-dreams. Ties were the equivalent of two heavyweight boxers slugging it out until the bitter end. Entering the competition at the 1st Qualifying Round stage, a 4-1 win v Penzance saw another Kernow side, Newquay beaten after a replay. Falmouth Town brought up the hat-trick of sides from that neck-of-the-woods and that's when the fun began.

Five games later, Bideford were drawn at home to Trowbridge in the 4th Qualifying Round. Disappointingly, this tie only took four games to decide the outcome(!) with Bideford progressing to the First Round Proper and a home tie versus Bristol Rovers. A Cup run that started in mid-September, ending in late November and totalling thirteen ties. Bonkers!

MY BIG MOUTH

Words by
Antony Randle

One of the main talking-points from the recent Womens' Euros tournament has been the high percentage of missed/saved penalty-kicks, both during the games and in the shootouts.

Of all the agonising moments experienced by us Lionesses fans, perhaps the worst was when Chloe Kelly stepped up in the 118th minute of the semi-final with the expectation of scoring the winner, only to see the Italian keeper dive to her right and save the penalty; thankfully, despair swiftly turned to joy as Kelly pounced on the rebound to send them through to the final.

It's possible we might never see such a scenario again, with news that IFAB (The International Football Association Board), the body responsible for the laws of the game, is considering a rule change around penalty-kicks whereby if the kick is saved or hits the woodwork, the ball is immediately declared dead—ruling out the possibility of scoring from the rebound. My first thought on reading this was 'why?' Would the same apply to a direct free-kick, and if not, why not? This feels like a completely pointless and unnecessary proposal, one I strongly hope is not adopted.

For me, one of the main reasons behind football's worldwide popularity—indeed its supremacy as a global sport—is its fundamental simplicity. Compared to rugby and cricket, its rulebook is like a short story to a novel. Since the codification of the rules in 1863, there have been surprisingly few alterations; tactics, formations and styles of play have

come and gone, but the game's basic structure remains largely unchanged. Yes, there have been tweaks to the offside rule—it was only in 1990 that being level with the last defender was deemed onside—and those relating to handball have become somewhat muddled in recent years, but at bottom, the game as it's played now is much as it was in the late 19th century.

The last major revision came in 1992, with the abolition of the rule allowing goalkeepers to handle a backpass from a teammate—a change designed to discourage negative defensive play. It had a profoundly beneficial effect on how the game was played. I see no benefit whatsoever to the proposed change in the penalty-kick rule, where the most recent adjustment—requiring keepers to have one foot on or behind the line—was a sensible measure to prevent them gaining an advantage by leaping forward. To deny a penalty-taker the opportunity to score from a save or rebound seems to serve no purpose, though I have no issue with its current application to shootouts after normal or extra time; they're different situations.

Had this proposed change already been in place, the Lionesses might have been denied their place in the final—and we wouldn't have been celebrating their wonderful triumph. So don't do it, IFAB.

MEET TODAY'S OPPONENTS

Brixham AFC

CLUB HISTORY

Nicknamed the Fishermen, the club was formed in 2012 when Brixham United and Brixham Villa merged in the South Devon League.

Brixham Villa had been a club since 1953 and had previously won the league in 2007, while Brixham United had previously competed in the Western League between 1976 and 1981. After finishing runners-up in the South Devon League the club were promoted to the South West Peninsula League Division One East in 2014.

The League was restructured in 2019 and Brixham were promoted to the Premier Division East, having finished in third place the previous season.

Floodlights were installed and the first home match under the new lights was on 10 September 2019, a 2-1 win over Bovey Tracey. The club narrowly missed out on promotion on a points-per-game basis over the next two Covid-affected seasons, and having finished runners-up to Torpoint Athletic in 2022, they won the championship in 2023 and thus promotion to the Western League Premier Division.

That season also saw the club's best-ever run in the FA Vase, defeating two higher-level clubs before going out on penalties at Corsham Town in the Fifth Round.

The club's ground – now known as The More Seafood Ground – was previously the home of Brixham United.

Brixham AFC is a FA Charter Standard club affiliated to the Devon County FA.

A big crowd at The Tannery were treated to a hard-fought win in this opening fixture against a side that scored five and conceded none in doing the double over The Cobblers last season.

The home side started strongly and deservedly took the lead in the thirteenth minute, a well-worked corner-kick routine resulting in a neat Harry Foster finish. He should have extended the lead a few minutes later but couldn't convert from close range after Jakob Dickens' header had rebounded to him off the crossbar although by the halftime whistle the visitors hadn't troubled Street keeper Liam Kingston, one of five new recruits to their starting lineup.

There were encouraging performances from two of the others, Charlie Bateson putting in a Man of the Match display with his tireless running up front and Finn King Smith's bursts from midfield causing Brislington problems. At the back David Slade had a solid debut, stepping in for suspended skipper Jake Horsey, until injury forced him from the field midway through the second half shortly after Josh Radford had been stretchered off in suffering what looked like a bad knee injury when stretching to shoot.

Had Scott Laird's volleyed 'goal' shortly after the restart not been disallowed on a questionable offside call this would have been a more comfortable victory than the scoreline suggests but manager Ben Watson can still be well satisfied with the final result.

The optimism fostered by the opening day win v Brislington took a bit of a knock as local rivals Bridgwater secured bragging rights until the next encounter at The Tannery at the end of November.

This was a game in which The Cobblers seemed never quite to get off the ground although credit must go to the home side's disciplined defending which denied Street any clear-cut chances despite some busy prompting by Finn King Smith throughout the ninety minutes.

The opening goal came in the 17th minute, the Bridgwater striker getting in between the Street centre-backs to run on to a ball over the top and slot his finish past Liam Kingston. It might have been two but for a sitter being missed on the stroke of halftime but after only fifteen minutes of the second period some poor marking let Bridgwater in for an easy second. With Street manager Ben Watson throwing on all five of his subs.

The Cobblers made a concerted effort to get back into the game but a possible lifeline was denied ten minutes from the end when after a great run by Preston Hopwood it seemed that Charlie Bateson was brought down in the penalty area; sadly the referee waved away Street's claims.

Another couple of half-chances came and went but only a great save by Kingston late on prevented the scoreline from being more emphatic.

SINCE 1880

Captains LOG

First games of the season are never easy and always a close battle and this game was never going to be easy with a strong resilient Brislington side.

We've always had tough battles over the years but we managed to come out the end of it with a 1-0 but more importantly a clean sheet. It was a great effort from all the lads and couldn't be happier with that result.

With all the new faces and new personnel that Watto, Craigy and Scotty are trying to implement, its going to take time for it all to bed in and were trying to blend that with results.

With no more than 3 days after this a massive test at Bridgwater which is always going to be a battle against what's probably the title favourites with all the new signings they've brought in.

The first 45 was brilliant from the boys with such a dominant display but just being sucapunched with a moment of switching off but thats what happens at this level of football, never the less the boys carried on but unfortunately fell short.

This result is fuel to put Saturdays game at Brixham right. We have wrongs to put right and were more than up for this big occasion in the oldest competition in the world. We hope to see you there Saturday to cheer us all on.

WORDS OF Watto

A warm and friendly welcome to Brixham FC.

On behalf of everyone at Street FC we congratulate you, on your promotion into the southern league and Wish you all the very best for the coming season.

We are going to enjoy testing ourselves against higher opposition and know Brixham will be a tough challenge.

That being said, the players are extremely motivated to progress in this prestigious competition and fully understand the incentives Involved.

I am happy with how the group have started the season and today is another opportunity to show our togetherness and talent to our fantastic fans.

We hope you enjoy the game and we give you lots to cheer about.

Up the cobblers!

MEET THE MAN
BETWEEN THE STICKS

INTERVIEW BY
JOHN GRUNDY

GOALKEEPER

LIAM
Kingston

Liam, a clean sheet on league debut and 3 points your thoughts on today?

A game of two halves but after going one up I was adamant that it was going to be a one horse race however, Bris came back after the second half and were determined on the ball and created some promising openings, however being resilient as a team and holding on to a one goal lead is something I was told by the other players and management already was a huge improvement from last season, being able to grind out results when under the cosh, so real credit to the full squad who played a massive part in the 90 mins.

How are settling into life with the Cobblers?

Delighted to be back at the Tannery and enjoyed a really warm welcome from all the cobblers fans, Watto and Scott have done a brilliant job in retaining such a good core of experienced and young and exciting players. So as one of the "newbies" I would say that I've slotted into the squad with ease.

What's are your hopes for the cobblers this season?

Watto and Scott have created something very special with the intention of going all the way in the league with the playoffs as a minimum as well of having a good run in all cups.

What advice would you give to young goalkeepers?

You've got to have a screw loose

to do it however throw yourself at shot, try and catch everything, never get to high and never get to low.

Which goalkeepers do you admire now and who is the G.O.A.T?

From what I've seen of Craig Laird putting on the gloves during training it would be wrong not to throw his name into the hat. However I have been a huge fan of Allison Becker for a number of years and I believe he is still the best.

Tell us about your footballing journey so far?

A complete and utter worldwind, eeting many, extremely talented players, and playing at all different levels of the pyramid. Previous clubs being Weston super mare, Bideford, Barnstaple, Cribbs, Bridgwater

The Goats I'm torn between Iker Casillas and Gianluigi Buffon for their longevity, whilst playing at the highest standard for a number of years.

What's your post match drink of choice?

A Madri dash without the dash.

Thanks for your time and all the best for the season

COBB

FOUNDED IN 1880, STREET F.C. IS ONE OF THE OLDEST ASSOCIATION FOOTBALL CLUBS IN SOMERSET.

Street FC were given the nickname 'The Cobblers' due to the large shoemaking industry in the village and surrounding area.

-LERS

Above
The moustache
laden Street team
of 1908

The Club won the Somerset Senior League 5 times and the Somerset FA Senior Cup 3 times before making its first foray into the Western League a few seasons before the onset of World War One. The Club also had its best FA Cup runs reaching the First Round Proper twice, once either side of World War Two; in 1938 away to Ipswich Town and 1947 at Cheltenham Town - after beating Yeovil Town 2-1 in front of a record 5,000 crowd at The Victoria Field in the previous round.

The closest the Club came to winning the Western League Championship during the 20th century was in season 1952-53 when they were pipped to the title by Barnstaple Town, who had a 0.01 better goal average after the sides had finished level on 44 points each. Season 1996-97 saw the Club win the Somerset Senior League for a record eighth time, thus gaining promotion back to the Western League after a 37-year absence.

Ten years later, after gaining promotion to the Premier Division in season 2005-06, the Club had its best run in The FA Vase when reaching the Fifth Round Proper before losing at Wimborne Town. After finishing as Premier Division Runners-up the previous season, the 2017-18 campaign was the Club's 50th in the Western League, and was a momentous one too!

Early results were inconsistent: but starting on 12th September, manager Richard Fey's charges completed a

sensational run of 26 consecutive league victories that eventually saw the team win the title by 15 points (falling just one point short of the century) after winning 32 of their 38 games and scoring 100 goals, thus earning a place in the Southern Football League for the first time in the Club's 138-year history.

However, 2018-19 was to be the only season at the higher level for the Club as it soon became clear that Southern League football was a 'step too far': and despite a respectable seventh-place finish, the decision was taken to protect the long-term future of the Club and return to the Toolstation Western League.

In 2023/24 the Victoria Sports first joined the club to make up the reserves team squad. They did well finishing in 5th, and this season James Carey has been appointed Manager to try and get the team back to Division 1 of the county league after achieving this feat with local county league side Ashcott.

The 2024/25 season saw an 8th place finish for the club ;5 points off the playoffs, and a semi final of the league cup .Lots of success for the youth team including a new girls team and our women's team finish the season really strongly.

The 2025/26 season looks very promising with some exciting new additions and majority of last seasons first team squad remaining in green and white.
