Happy Rain WHEN IT RAINS

Words by
John Grundy

@cranhillultras

Design by
Briggsy

Good afternoon and welcome to The Tannery and an extra warm welcome to The Robins travelling faithful.

Happy When It Rains is a song by Glasgow band Jesus And The Mary Chain and We were certainly happy with it raining 11 days ago for our cup win over tonight's opponents- check out Anthony's report in today's programme.

It was also raining again when BBC Sports Senior reporter Jack Killah caught up Craig and Scott for a piece for BBC news about the father and son duo being the managers here (see pic below)

The temperature may have gone down but the Christmas (yes, I said it) plans are heating up here at The Tannery. Christmas Market tomorrow, with Bingo, carol singing and a disco to name some of our festive offerings.

As I write this I don't know who we will face in the next round of the County Cup but the next round will probably be in 2026 making today's game our penultimate first team home game of 2025.

Our under 18s in the floodlight league beat Shepton Mallet 8-0- any positive result against our fiercest rivalries must always be acknowledged.

We are home next on December 20th against Oldland Abbotonians and we will be away to Paulton Rovers Boxing Day.

MY BIG MOUTH

Words by
Antony Randle

In every Western League Premier Division season since the COVID interruptions there's been a club saddled with the unenviable role as the competition's whipping-boys; Bridport in 21/22, Keynsham in 22/23, Millbrook in 23/24, Welton last season and uniquely in this one, both St Austell and Nailsea & Tickenham featuring as the teams all the others can bank on beating.

In our two fixtures against the latter we recorded victories of 6-2 and 8-0 providing healthy boosts to both our points tally and goal difference. Alas they now count for naught following the expected news from the WL that N&T have called it a day, resigning from the League barely five days after that thrashing at The Tannery with all results against them being scrubbed in consequence.

I say 'expected' because when chatting with their chairman at halftime I learned he had already 99% decided to throw in the towel. I had asked him what had gone so wrong for a club promoted in 22/23 that had finished tenth in their first campaign then seventh last season, narrowly missing out on a playoff place. His answer was truly heartbreaking; their manager had resigned to take over at Clevedon with eleven players and nine volunteers simultaneously departing, an exodus that basically ripped the guts out of the club and left them scrabbling to function both on and off the field. 'There but for the grace of God....' was my thought, remembering what happened here when the painful decision to self-relegate from The Southern League was taken at the conclusion of that fateful 2018/19 season. It's no exaggeration to say that the very survival of The Cobblers was in the balance.

By way of parallel, only a week or so before had come the appalling news

that the second-oldest professional club in England, Sheffield Wednesday, had gone into administration after years of mismanagement by a negligent foreign owner. A twelve-point deduction makes relegation to League One a bankable certainty though with prospective buyers lining up at least the club will survive as, hopefully, will Nailsea & Tickenham albeit in some reduced fashion where the sheer number of clubs in and around the Bristol area must make daily existence for many of them a precarious undertaking, particularly when hit by the sort of shattering circumstances that befell N&T over the summer.

Meanwhile at the top of the football pyramid the rich keep on merrily getting richer, splashing out ever-more ridiculously-inflated sums on transfer fees (£140m for Florian Wirtz, anyone?) and wages whilst still failing to come to an agreement with the Football League about how much money to provide for distribution down the steps for the benefit of the game as a whole. With a statutory Regulator for the football industry finally appointed it's to be hoped that what's happened to Sheffield Wednesday will become a thing of the past and that maybe clubs at our level can be provided with financial assistance against the sort of blows that force them into resigning or self-relegating from their league. Am I optimistic? Hmmm.....

COYC!!!!

MEET TODAY'S OPPONENTS

Bridgwater United

Bridgwater's earliest attempts to establish a senior football club often faltered in a town where rugby reigned supreme. Support was limited, finances were fragile, and several clubs came and went. It wasn't until after the Second World War that a lasting foundation finally emerged.

In 1946, a group of enthusiasts formed Crown Dynamo FC, operating from a pub in St John Street. The team quickly gained a strong following and soon evolved into Bridgwater Town AFC. With land purchased off Bristol Road for the Castlefield ground, growing support from a large supporters' club, and investment from prominent local businessmen, Bridgwater began to thrive. The club's resources allowed them to attract former Football League players by offering jobs, housing and competitive part-time wages, helping create powerful sides that became among the Western League's strongest. Throughout the 1960s, 70s and 80s, the club lifted Western League titles, won major cups and enjoyed memorable FA Cup and FA Trophy runs. However, financial strain eventually took its toll, and in June 1984 the club was forced into voluntary liquidation.

A new beginning followed almost immediately. Loyal supporters quickly formed Bridgwater Town 1984 FC, starting again from the Somerset County League. Over the next twenty-three years the club steadily climbed the pyramid, winning three consecutive Somerset County League

titles, the Screwfix Western League Division One championship and two Les Phillips Cups on their way back to Southern League status. As members of the Southern League they reached the League Cup Final in 2009 and narrowly missed promotion in the 2010 play-off final. After that high point, leaner years set in and relegation in 2017 brought Bridgwater back to Step 5, though the club remained determined to rebuild.

A major turning point arrived in early 2021 when the club merged with Yeovil United to become Bridgwater United FC. The new ownership and business model aimed to create a genuine community asset for both the town and the wider county. Success soon followed, including victory in the 2021/22 Les Phillips Cup and strong performances from the women's and youth sides. The following season included a thrilling FA Vase run to the fifth round before a narrow defeat to eventual winners Ascot United, and a fourth-place finish in the Western League. That summer, owner Adam Murry sold the club to IT entrepreneur Ian Davis, who set out ambitious plans for the future. His first season saw a play-off finish under manager Andy Llewellyn, though Clevedon Town edged them out once again. Last season proved more turbulent, with four managers and fifty players used as the Robins slipped to the bottom four despite an excellent start. In June, Davis appointed former Bristol Manor Farm boss Lee Lashenko with the aim of stabilising the club on and off the pitch and restoring momentum to this proud and resilient footballing institution.

Report by
Antony Randle

Rarely can there have been a better night at The Tannery than this one. A thumping victory over their local rivals took The Cobblers into the next round of the Les Phillips Cup as Bridgwater were simply swatted aside with skipper Lewis Morgan registering a first-half hat-trick.

His first came in the twelfth minute via a rasping drive after Street had been denied an earlier goal, the officials failing to spot that the ball had clearly crossed the line when fumbled by the visitors' keeper. His second arrived on thirty-five minutes via another fumble, tapping home after the keeper couldn't hold Charlie Bateson's shot. His third, five minutes later, was a spectacular dipping effort

from twenty-five yards out wide on the right that left the keeper rooted to the spot.

With the result virtually sealed by the break Street showed no signs of letting up, Bateson shooting over from only four yards out minutes after the restart. Thereafter he came in for some rough treatment from the Bridgwater defenders but kept tormenting them whilst at the other end Cobblers keeper Liam Kingston had a relatively quiet night. Street made it four on seventy minutes, Zeph Collins drilling the ball home from outside the box, and ten minutes later Sam Stapleton reacted quickest to a partial block to tuck away number five. Although Bridgwater then managed a scrambled consolation goal Street weren't quite finished with Collins producing an inch-perfect cross for Shay Corrick to glance his header past the keeper for the sixth. By then quite a few visiting fans had already headed for the exit but we'll be seeing them again on the 29th.

Report by
Chris GPT

A blistering spell before the break saw Street sweep aside St Austell 4-0 at Poltair Park, with the Cobblers doing all the damage in a devastating twenty-four-minute period.

The opener arrived in the nineteenth minute straight from the counter attack, Kyle Strange bursting forward before whipping in a perfect cross for skipper Lewis Morgan to tap home from close range. The lead was doubled on thirty-seven minutes when Charlie Bateson delivered a fine ball into the box and Finn King-Smith marked his return to the side by finishing confidently from six yards out. Five minutes later it was three, Eli Collins hanging a superb cross to the back post for Morgan to knock down into the path of Bateson, who made no mistake. Street weren't finished there either, and barely a minute later Callum Laird's ball across the box broke kindly for Strange to slot home the fourth.

With the result settled by half time, St Austell showed commendable spirit after the restart and created chances of their own, testing Liam Kingston on more than one occasion, but the Cobblers keeper stood firm to preserve the clean sheet. Street continued to threaten on the break without adding further goals, seeing the game out with control and confidence. Player of the match went to Eli Collins after another tireless and creative display as Street returned home with a resounding victory in the bag.

Scott SPEAKS

A few really good weeks since my last programme notes and some notable performances and results. Sidmouth away, Bridgwater home, St Austell away and Hengrove away. All produced wins with different styles of play in each to achieve that.

Something Craig, Lewis and myself are really proud of the lads for. The intelligence to figure out how to win each of those games was brilliant. You can't play the same way every game and expect to win as the opposition will pose different challenges. What we want to teach the lads is to understand how to over come and change how we play to win each game but still staying true to us and to always run hard, pass the ball, find a way, risk versus being solid and finally play with a smile on your face.

Hope you enjoy today's game.
Up the Cobbs

Captains LOG

Another long trip for the Cobbs this weekend as we made our way down to St Austell — our second consecutive journey into Cornwall. Despite the miles, the lads arrived focused, hungry, and ready to build on our recent performances.

From the first whistle, Street started brightly. The pitch was in poor condition, but we adapted quickly and took control of possession, moving the ball with confidence and purpose. Our early dominance paid off, and we ran away with the game in the first half, heading into the break with a well-deserved 4-0 lead.

The second half followed a similar pattern, with Street continuing to command the ball and create chance after chance. Despite our pressure and control, we couldn't quite add to the scoreline. Nevertheless, the performance remained professional and disciplined, and we saw out the game to secure a strong 0-4 away victory

FOLLOW-UP OF THE TOTTENHAM HOTSPUR MATCH

So, Fifty years apart, and we're back at Tottenham Hotspur for a League Cup encounter, only this time it's at the New Tottenham Hotspur Stadium, situated on the site of old White Hart Lane.

Twenty-one coaches lined up at the Eco Power Stadium (Doncaster Rovers' ground) ready for the 1pm departure time, to arrive between 2 and 3 hours before kick-off, Metropolitan Police request, they will feature later, so away we go.

What a difference to old White Hart Lane, without a shadow of doubt, the best stadium I have ever been in, including Wembley, awesome doesn't do it justice.

The game was a competitive affair really, even though we got beat 3-0 the scoreline, better than 50 years ago 7-2 defeat, didn't match the performance, could've, should've scored early on but nothing came of it, their goalkeeper made a world class save to prevent a late goal, but it was all over for us, another season to "concentrate on the league" but at least we got the new Tottenham stadium out of the way.

Words of advice though, if you're not so good on your pins, for whatever reason, be prepared for an extremely long walk back to the coaches, a 13 minute walk to the fittest was around 30 to 40 minutes for an invalid like me, but you've been warned.

A little bit of Street FC went with me in the form of a couple of badges on my hat, got to fly the flag for my "now" hometown team.

Anyway, back to the day, 3,900 of my fellow Rovers fans went there making lots of noise in the stadium, commented on by some Spurs fans on social media and by the stewards, who I must say were pretty friendly, not like you get at some grounds. So, game over let's set off for the hike back to the coaches, passing a staunch Spurs pub on the way, no issues with our friendly bunch and the Spurs fans seemed ok too, so, just as we got to the pub I noticed a van load of the said Metropolitan Police parked up, a couple of officers were outside the van so, me being me, cheekily asked for a lift back to the away coaches, to my amazement they said no worries, I was gobsmacked to say the least, one of the officers said, you'll have to get in the cage at the back, I said that's ok, but he was just joking, so we got a taxi back to the coaches (i.e. a Metropolitan Police van) was a laugh back at the coach, after the officers wished us safe travels, some of the Rover's fans who had just got back to the coaches were commenting on how we did it, I just said, "if you don't ask, you don't get", and to top it off they gave us a bag of Haribo's too.

Final words, fifty years apart for the two games, what a difference, no trouble as there was back in '75 and a space-age stadium to boot, RTID UTC

EMPRINT ADVERT

UP THE

Below
The immortal
league winning
team of 2017/18

COBB

FOUNDED IN 1880, STREET F.C. IS ONE OF THE OLDEST ASSOCIATION FOOTBALL CLUBS IN SOMERSET.

Street FC were given the nickname 'The Cobblers' due to the large shoemaking industry in the village and surrounding area.

-LERS

Above
The moustache
laden Street team
of 1908

The Club won the Somerset Senior League 5 times and the Somerset FA Senior Cup 3 times before making its first foray into the Western League a few seasons before the onset of World War One. The Club also had its best FA Cup runs reaching the First Round Proper twice, once either side of World War Two; in 1938 away to Ipswich Town and 1947 at Cheltenham Town - after beating Yeovil Town 2-1 in front of a record 5,000 crowd at The Victoria Field in the previous round.

The closest the Club came to winning the Western League Championship during the 20th century was in season 1952-53 when they were pipped to the title by Barnstaple Town, who had a 0.01 better goal average after the sides had finished level on 44 points each. Season 1996-97 saw the Club win the Somerset Senior League for a record eighth time, thus gaining promotion back to the Western League after a 37-year absence.

Ten years later, after gaining promotion to the Premier Division in season 2005-06, the Club had its best run in The FA Vase when reaching the Fifth Round Proper before losing at Wimborne Town. After finishing as Premier Division Runners-up the previous season, the 2017-18 campaign was the Club's 50th in the Western League, and was a momentous one too!

Early results were inconsistent: but starting on 12th September, manager Richard Fey's charges completed a

sensational run of 26 consecutive league victories that eventually saw the team win the title by 15 points (falling just one point short of the century) after winning 32 of their 38 games and scoring 100 goals, thus earning a place in the Southern Football League for the first time in the Club's 138-year history.

However, 2018-19 was to be the only season at the higher level for the Club as it soon became clear that Southern League football was a 'step too far': and despite a respectable seventh-place finish, the decision was taken to protect the long-term future of the Club and return to the Toolstation Western League.

In 2023/24 the Victoria Sports first joined the club to make up the reserves team squad. They did well finishing in 5th, and this season James Carey has been appointed Manager to try and get the team back to Division 1 of the county league after achieving this feat with local county league side Ashcott.

The 2024/25 season saw an 8th place finish for the club ;5 points off the playoffs, and a semi final of the league cup .Lots of success for the youth team including a new girls team and our women's team finish the season really strongly.

The 2025/26 season looks very promising with some exciting new additions and majority of last seasons first team squad remaining in green and white.

STREET *Women*

Our womens team have had a fantastic start to the season, progressing well in cup competitions and looking like they can challenge for the title and certainly promotion.

The team recently shared an update on their socials from the their leadership trio, discussing how the season has gone so far...

WIKI
Pawlowska

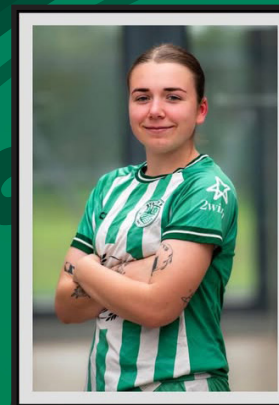

TEAM CAPTAIN

This season has been something special for us, and as captain, I couldn't be prouder of the way the squad has carried themselves.

From day one, everyone has shown real courage, involvement, and a real commitment to playing for each other. We've had our challenges, but the way the team has responded has been incredible.

Losing only one game so far isn't just a statistic to us, it's a reflection of how hard we work together as a team and if we keep this mindset, there's no limit to what we can achieve this season.

UP THE COBBS

PHEOBE
Draper

VICE CAPTAIN

I'm really proud of how the team has come together this season. We've built a strong, supportive dynamic where everyone wants the best for each other, and with only one loss so far, our hard work is showing.

The new players have fitted in perfectly, and the atmosphere in the squad is amazing — positive, kind, and full of energy. We play for each other, and it shows on the pitch.

Representing Street FC means a lot, and the support from our fans has been incredible. I'm excited to keep pushing on with this group — the possibilities are endless.

LAUREN
Poynton

VICE CAPTAIN

Being vice-captain in my first season at Street has been a real privilege. I'm so thankful to be surrounded by such an amazing group of girls. From the moment I joined, they've supported me, pushed me, and made every training session and match day something to look forward to. I honestly couldn't ask for a better group to play alongside.

We've had an incredible start to the season and have only lost one game so far. The improvement from last year is already clear, and every single one of these girls should be proud of themselves. I'm excited to see how we finish the season and if we keep going the way we've started, I can only imagine it'll be something special.

Up the Cobbs!

Words by
Louis McCarten

Over the past month it has been an interesting and challenging period for us.

Experiencing back to back defeats in the league for the first time for us having given us a learning opportunity from this. Losing to back to back games to Peasedown and Highridge has been an eye opener with two below par performances. performances that wasn't the standard that we expect, lacked some key details in our game plan. But it was important for us to be reflective in moments like this, looking at what we need to work on and improve.

I would like to welcome two new signings to the team Tom Haggart and Louis Horneett. Both come with good experience at county level, top attitude and will make an important contribution to the team this year.

With nearly three weeks without a game the lads are itching to get back to playing, training has been full on and exciting, and we look prepared for our away game vs Isle of Wedmore.

We want to keep pushing and keep improving each time we step on the pitch!
