## DRIVING HOME FOR *Christmas*

Good afternoon everyone and a warm welcome to to The Tannery.  
It's The Most Wonderful Time Of The Year.

He's finally made the cover; no, not Father Christmas. It's our centre back star- David Slade- Merry Xmas Everybody.

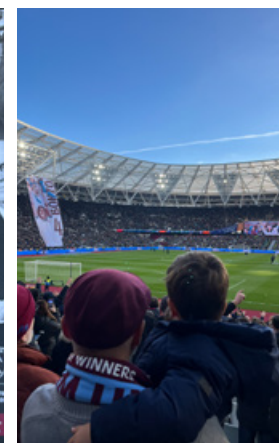

I'm finishing this intro after just seeing my my Family club Aston Villa beat West Ham 3-2 at the London Stadium. They had a fantastic programme and tribute for Hammers Legend Billy Bonds who passed away recently. It was impossible to not be emotional seeing the video tribute and the unveiling of a tifo of 'Bonzo' with the famous 'I'm forever blowing bubbles' echoing around the ground. This image I took below epitomises to me how football is so much more than a game.

After a couple of games away The Cobblers are back at home for Christmas (well very nearly) and we are in the festive spirit already here so Step Into Christmas with us.

This is our last home game of 2025, and Boxing Day we head to Paulton Rovers which is not 2000 Miles away and should be a good game.

We are back at home on the the 3rd January against Barnstaple in the league to kick off 2026 and we are in very good positions in the cups- the Les Phillips where will be play Barnstaple again and the County Cup where we are away to Bath City both games in January. Wouldn't we all love some silverware- Lewis Morgan lifting a trophy for his adoring fans, just like Billy Bonds did in front of the hammers faithful. We shall keep our fingers crossed and be there every step of the way.

O Come All Ye Faithful, let's cheer on the lads for one last time at home in 2025

# MY BIG MOUTH

Words by  
Antony Randle

I discovered the game of football over sixty years ago at the age of seven and, for my sins, have been hooked ever since. Playing it, watching it, following it has brought me varying degrees of pleasure and pain, joy and despair, happiness and grief. It's been an inescapable part of my life from the days when a televised live match was a rarity to today's wall-to-wall coverage when you can watch four games simultaneously, on a Sunday to boot.

I've seen great teams successively rise and fall, influential managers come and go, can remember the first £100pw player wage (Johnny Haynes at Fulham, of all clubs), the first £1m transfer fee and when there weren't any substitutes. In 1966 the World Cup featured sixteen teams and the European Cup was contested by each nation's actual champions on a straight knockout basis. Every club had players born and bred within a few miles' radius of the stadium and the fans would pay a very small percentage of their weekly wage to stand and watch their favourites play on pitches that would be largely devoid of grass by midwinter.

I could go on but you get my drift. Just another old git banging on about how things were better in his day blah blah. I make no apologies for this outpouring of nostalgia, prompted as it has been by the recent death of one of my true heroes, West Ham's Billy Bonds, a man whose playing career

(799 appearances for the club) spanned twenty years from 1967. The absolute epitome of the loyal one-club man (though he had in fact made 90-odd appearances for Charlton before his transfer to The Irons) he finally called time just four years before the inception of The Premier League since when the game both in this country and globally has undergone a greater transformation

than at any time in its previous one-hundred-year history.

Has it been for the better? Not in my opinion. For the past few years I've been boring friends and acquaintances to death with my rants about how the creation of The Premier League and the spread of its ethos worldwide has corrupted football and that argument has now reached its apotheosis in the obscene spectacle of the slimy FIFA president Gianni Infantino awarding Donald Trump a 'peace prize' as part of the World Cup draw, not to mention him sticking two fingers up to the ordinary football fan in the grossly extortionate pricing of tickets for next year's tournament. But what also did it for me recently was Mohammed Salah's public whining about being 'thrown under the bus' when rightly dropped by Liverpool after some distinctly poor performances. Aside from the joke about if Salah ended up under a bus then he must have dived, the contrast between his self-entitled whinging (whilst pocketing £400k pw sitting on the bench) and the commitment and integrity of Bonds could not be more marked.

Give me The Cobblers and grassroots football any day; at least the soul of the game still survives at this level.

## MEET TODAY'S OPPONENTS

# Oldland Abbotonians

Bristol and District League handbooks of the 1920s record that Oldland Football Club was founded as St. Anne's (Oldland) in 1910. The club won the GFA Minor Cup in 1921/22 and the GFA Junior Cup in 1925, before enjoying further success in the 1950s. Little is known of its inter-war years, but Oldland became founder members of the Bristol Premier Combination in 1962 and were promoted to the Gloucester County League in 1973, remaining there for twelve seasons before being re-elected as Oldland Decora in 1986.

Abbotonians FC was formed in 1947 by pupils of Hanham Abbots School and quickly achieved league and cup success, including cup wins in 1961, 1966 and 1972. They also won the GFA Intermediate Cup in 1962 and 1969, the GFA Minor Cup in 1968, and multiple Bristol Churches League titles at Under 16 and Under 18 level.

The two clubs merged in 1998 as Oldland Abbotonians, joining the Somerset Senior League. The club won Division One in 2004/05, finished Premier Division runners-up in 2005/06 and earned promotion to the Toolstation League in 2006/07.

Oldland has long been regarded as a nursery club for Bristol Rovers, with players such as Vic Lambden, Peter Sampson, Brian Bush and Mike Tippets progressing to the professional game. Former Rovers favourite Bobby Jones managed the club, alongside David Hillier, the former Arsenal and Rovers player. Under Alan Bush in the 1980s, Abbots enjoyed a successful period featuring several former Rovers players, while others including Stuart Taylor, Phil Kite and Kevin Westaway also moved on to Rovers.

As manager, Hillier led Oldland to history in 2009/10 by becoming the first Division One side to win the Les Phillips Cup, finishing 7th in the league. After narrowly missing promotion in 2015/16, the club faced a major rebuild. Despite on-field challenges in 2016/17, over £70,000 was invested in ground improvements through fundraising and grants.

In the 2022-23 Western Football League season, the O's finished fourth and won the playoffs, securing promotion to the Premier Division. Subsequent ground and facility upgrades were later removed following issues with neighbours and South Gloucestershire Council. What remains is the famous bar, widely regarded as one of the liveliest clubhouses in the league.

Woodman and Cains now serve as joint Chairmen, with Paul Weeks as Director of Football. The first team is managed by the experienced Kris Miller and Aaron Cornwall. The Reserves play in the Bristol Premier Combination and are managed by Dave Griffin, who also oversees the Under 18s in the Western Counties Floodlit Youth League.

Report by  
Antony Randle

Just eleven days after their thumping 6-1 Les Phillips Cup win over their local rivals The Cobblers dished out another beating in this return league fixture with the three-nil halftime scoreline an exact repeat of that previous game.

The rout started in the eighteenth minute when a smart right-wing move saw Kyle Strange put the ball on a plate for Scott Laird to score his second goal in consecutive matches. Five minutes later the Bridgy defenders stood off Charlie Bateson virtually inviting him to unleash a twenty-yard drive into the top corner of their net and he duly obliged for number two. The third came on

thirty-three minutes when the visitors' keeper allowed Finn King-Smith's inswinging cross from the left to skid off the wet turf and into the far corner of the goal.

Just before the break an altercation between Cobblers skipper Lewis Morgan and his opponent saw the ref (possibly harshly) show them both red cards. It was the home side whose rhythm seemed most disrupted as Bridgy started the second half the stronger, soon reducing the deficit via a penalty and having much the better of the next twenty or so minutes, Street reliant on the woodwork and a couple of goalline clearances to maintain their two-goal lead. However they gradually reasserted control as the clock ticked down and sealed a memorable victory late on when the marauding Zeph Collins seized on a loose pass in midfield to waltz past a couple of defenders before smashing a trademark low left-footed drive past the helpless keeper.

Player of the match went to Mr Street himself, Jakob Dickens.

# Captains LOG

We would like to extend a warm welcome to Oldland Abbotonians to the Tannery today and wish their players, staff, and supporters an enjoyable afternoon.

Following last Saturday's defeat away at Torpoint, the lads will be eager to respond. The performance against a strong Torpoint side showed real character and commitment, but ultimately we fell just short. Today provides an opportunity to put that right and return to winning ways in front of our home supporters.

As we approach the festive period, from everyone at Street FC—players, management, and volunteers—we would like to wish all our supporters and visitors a very Merry Christmas. We look forward to seeing you again on Boxing Day when we travel to Paulton Rovers.

Thank you for your continued support.

Up the Cobbs!

## Scott SPEAKS

Hello fellow Cobbs, as we fast approach Christmas this league gets up and gives us another tough test against Oldland followed by a trip to Paulton and a home game to start 2026 off at home to Barnstaple. Just shows how tough this league is as Oldland for me are in a false position. They are always in games and are never beaten easily so today is another test for us.

What a result against Bridgwater for a second time in close succession. To again beat them convincingly showed real maturity from this young group. We have to make this a more regular occurrence and we are working hard to do so.

If I don't get the chance to speak or see you then have a magical Christmas and new year and let's take this club on to even more enjoyable times in 2026.

# PRO SET - A SALUTE TO THE 90'S TRADING CARDS CRAZE.

Words by  
John Grundy

The COVID-19 lockdowns caused an explosive boom in the sports card market, driven by people seeking nostalgic hobbies, new investment opportunities, and entertainment while stuck at home. This surge led to a significant increase in both the volume and value of sales, including record-breaking prices for individual cards.

The 'holy grail' of the trading card world; the 1952 Mickey Mantle rookie card sold for over 10 million dollars....

Ok, i don't own any hugely valuable cards...I mainly have American football cards but I soon took notice of these interesting English football cards that I kept seeing...

These sets of cards by Pro Set for league teams from 1990 produced only for 2 seasons before the Premier League began in summer 1992.

The beautiful gold packets...and inside? Players from Manchester United to Plymouth Argyle, football league clubs NOT just the top tier. Usually an action shot on one side with some stats and information on the other side. If you're looking for a stocking filler this Christmas head to eBay or Vinted to start your loved ones collection- or your own!

# COBB

FOUNDED IN 1880, STREET F.C. IS ONE OF THE OLDEST ASSOCIATION FOOTBALL CLUBS IN SOMERSET.

Street FC were given the nickname 'The Cobblers' due to the large shoemaking industry in the village and surrounding area.

The Club won the Somerset Senior League 5 times and the Somerset FA Senior Cup 3 times before making its first foray into the Western League a few seasons before the onset of World War One. The Club also had its best FA Cup runs reaching the First Round Proper twice, once either side of World War Two; in 1938 away to Ipswich Town and 1947 at Cheltenham Town - after beating Yeovil Town 2-1 in front of a record 5,000 crowd at The Victoria Field in the previous round.

The closest the Club came to winning the Western League Championship during the 20th century was in season 1952-53 when they were pipped to the title by Barnstaple Town, who had a 0.01 better goal average after the sides had finished level on 44 points each. Season 1996-97 saw the Club win the Somerset Senior League for a record eighth time, thus gaining promotion back to the Western League after a 37-year absence.

Ten years later, after gaining promotion to the Premier Division in season 2005-06, the Club had its best run in The FA Vase when reaching the Fifth Round Proper before losing at Wimborne Town. After finishing as Premier Division Runners-up the previous season, the 2017-18 campaign was the Club's 50th in the Western League, and was a momentous one too!

Early results were inconsistent: but starting on 12th September, manager Richard Fey's charges completed a

sensational run of 26 consecutive league victories that eventually saw the team win the title by 15 points (falling just one point short of the century) after winning 32 of their 38 games and scoring 100 goals, thus earning a place in the Southern Football League for the first time in the Club's 138-year history.

However, 2018-19 was to be the only season at the higher level for the Club as it soon became clear that Southern League football was a 'step too far': and despite a respectable seventh-place finish, the decision was taken to protect the long-term future of the Club and return to the Toolstation Western League.

In 2023/24 the Victoria Sports first joined the club to make up the reserves team squad. They did well finishing in 5th, and this season James Carey has been appointed Manager to try and get the team back to Division 1 of the county league after achieving this feat with local county league side Ashcott.

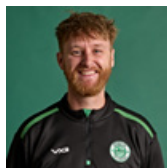

The 2024/25 season saw an 8th place finish for the club ;5 points off the playoffs, and a semi final of the league cup .Lots of success for the youth team including a new girls team and our women's team finish the season really strongly.

The 2025/26 season looks very promising with some exciting new additions and majority of last seasons first team squad remaining in green and white.

Words by  
Louis McCarten

Over the past month it has been an interesting and challenging period for us.

Experiencing back to back defeats in the league for the first time for us having given us a learning opportunity from this. Losing to back to back games to Peasedown and Highridge has been an eye opener with two below par performances. performances that wasn't the standard that we expect, lacked some key details in our game plan. But it was important for us to be reflective in moments like this, looking at what we need to work on and improve.

I would like to welcome two new signings to the team Tom Haggart and Louis Horneett. Both come with good experience at county level, top attitude and will make an important contribution to the team this year.

With nearly three weeks without a game the lads are itching to get back to playing, training has been full on and exciting, and we look prepared for our away game vs Isle of Wedmore.

We want to keep pushing and keep improving each time we step on the pitch!
