FEBRUARY *Stars*

Words by
John Grundy
@cranhillultras

Design by
Briggsy

Good afternoon everyone and welcome to the February edition of Word On The Street- this was going to be a Programmezine for our three Saturday games this month however the torrential rain put a stop to this.

A warm welcome then to all players supporters and committee from our visitors from Cornwall this afternoon, Helston AFC.

January was bleak weather wise. Ok, it's January I know it's meant to be- but it's had a huge impact on fixtures being called off and needing to be re-arranged, but we are as up to date as we can be in this edition.

Who will be a February Star in green and white? February Stars is an early song by Foo Fighters, and we will need all our key players for the remainder of the season with some tough fixtures coming up before we are due to finish in mid April.

It was really good to go away to Bath City to see the lads in the quarter final of the county cup- silverware will have to wait for another year- but we gave a decent account of a side three leagues below our hosts. Good to see a club doing a printed programme, they do a full printed one for league games although the one for this time was just a printed fold out.

Some big names visit The Tannery in the next couple of months, our last home game is currently set for Good Friday against Paulton. Let's hope for some spring sunshine and some positive results.

Enjoy the game

MY BIG MOUTH

Words by
Antony Randle

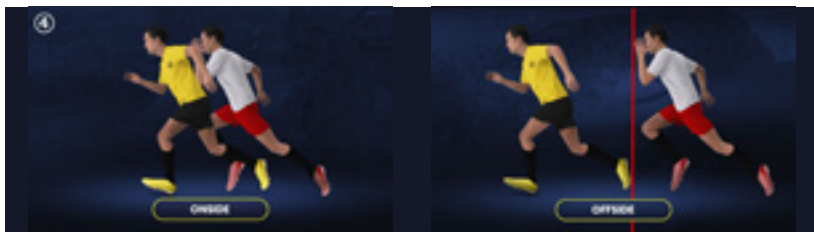

Having staunchly defended the use of VAR, in particular its application to the issue of offside, I have lately changed my tune and find myself longing for the days when the honest – ok, maybe even incompetent – mistakes of match officials prompted heated discussions after matches. Nowadays those discussions are mostly centred around the sometimes baffling but more often simply wrong interpretations of ‘contentious’ situations arrived at by the faceless individuals at Stockley Park.

What sealed this loss of my support for VAR (which had been wavering in recent months anyway) was what happened in the recent West Ham/Notts Forest game when in my eyes The Irons were denied three very valuable points by two highly questionable VAR calls; the first disallowed (for the most marginal of offsides) what I had celebrated as a second goal for West Ham and the second awarded Forest a last-minute winning penalty for a coming-together between one of their players and the Hammers keeper for which even the Forest players hadn’t appealed and the ref had ignored.

It seemed to me that in both instances the VAR official who made those calls saw his purpose as finding any reason (a) to disallow what looked in real time like a perfectly-executed goal and (b) to see an ‘offence’ when none was apparent. I thought VAR was introduced to assist in overturning ‘a clear and obvious error’ on the part of the ref; in neither of those instances could it be argued that was the case.

With offside I had originally accepted it was a ‘black & white’ situation & that even if it was only by a toenail then you were caught but lately had come to question the absurdity of some decisions where if it was an elbow or shoulder that was in front then that amounted to offside. I had always believed or perhaps assumed that it had to be the position of the legs/feet that determined whether or not an attacker was in front of the last defender so the way VAR highlighted the interpretation of the offside rule was an eye-opener. In consequence I’m now in total agreement with Arsene Wenger’s push to change the law whereby an attacker will only be deemed offside if there is ‘clear daylight’ between himself & the last defender.

My biggest beef with VAR is the fact that every time West Ham score my first thought isn’t ‘Yes!’ but ‘what reason will VAR find to disallow this goal?’ It’s killed that moment of instant joyous celebration of a goal that provides a football fan with one of his most treasured sensations. I’m so happy we don’t have it at our level. COYC!!!

MEET TODAY'S OPPONENTS

Helston Athletic

The club was established in 1896. We joined the Cornwall Senior League after its formation in 1931 and won back-to-back league titles in 1936–37 and 1937–38.

After finishing as runners-up in 1938–39, we were champions for a third time in 1939–40. In 1953 we joined the South Western League, where we were to stay for almost 20 years.

There were a couple of seasons of note during this time; in 1964–65, we secured a third-place berth and followed it up with a fifth-place finish at the end of the next campaign, but largely our time was spent in and around the lower half of the table.

The club finished bottom of the South Western League in 1970–71, and after finishing second-from-bottom the following season, we left to join the Cornwall Combination.

We were Cornwall Combination champions in 1987–88 and again in 2000–01. After winning the League for a third time in 2010–11, the club were promoted to Division One West of the South West Peninsula League.

Finishing as runners-up in both of our first two seasons in the League, and after a third-place finish in 2013–14, won the division in 2014–15, earning promotion to the Premier Division.

Following league reorganisation at the end of the 2018–19 season, we were placed in the Premier Division West and were storming away at the top of the table with 25 wins from 26 League games, including 100 goals scored, when the pandemic saw the season end prematurely.

The 2020–21 campaign went the same way as we lost one of our ten League games that were able to be played. It was during this season that we entered the FA Cup for the first time but succumbed to Barnstaple Town in the Preliminary Round, having beaten Odd Down 4-1 in the Extra Preliminary Round.

Based on our results during the two curtailed seasons, the club was promoted into the Premier Division of the Western League during the summer of 2021 & our first season at the higher level ended with us securing a place just inside the top ten.

The progress continued both on and off the field in 2022/23, which culminated in a sixth-place finish before we went on to claim the Western League Premier Division title at the end of 2023/24 to secure our place in Step 4 for the very first time.

It’s a proud moment for our club and plenty of hard work is required both on and off-the-field as we embrace our new status and look to continue making forward strides.

03.01.26 / LES PHILLIPS CUP QUARTER FINAL / BARNSTAPLE TOWN / THE TANNERY

2 *Full* TIME 4

Goals

SCOTT
LAIRD
ZEPH
COLLINS

Report by
Antony Randle

Street's progress in the Les Phillips Cup came to a halt in a game essentially decided by two very questionable first-half penalty decisions given against them by a referee who seemed only too ready to blow the whistle rather than let the game flow.

Then again, from a Barnstaple perspective, the penalty he awarded Street in the second half was borderline at best, so much so that their keeper's protracted protests saw him dispatched to the sinbin.

The visitors took the lead in the eighth minute but were pegged back twenty minutes later by Scott Laird's canny lob to bring the scores level.

Then came the two penalties barely six minutes apart at the end of the first half leaving even the majority of the visiting fans scratching their heads. When Street were awarded theirs for a presumed foul on Scott Laird in the sixty-fifth minute the stand-in keeper saved Zeph Collins' tame effort but couldn't stop him bundling home the rebound.

Jakob Dickens came close to levelling the scores when his fine long-range effort was beaten away by the returned Barnstaple keeper, a save that looked crucial at the time although as Street pressed forward in added-on time in search of an equaliser they were exposed at the back for the fourth goal that finally killed the game.

31.01.26 / PREMIER CUP QUARTER FINAL / CBATH CITY / TWERTON PARK

5 *Full* TIME 0

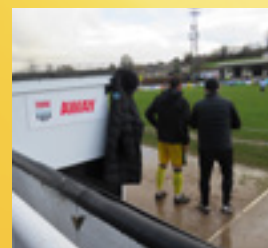

Report by
Antony Randle

Whilst the scoreline makes this game look as if Street were played off the park, the reality is that but for the four goals contributed by the home side's standout player Jordan Alves the end result could well have been a lot closer.

A neutral watching wouldn't have guessed there was a gap of one step and three tiers of the Football Pyramid between the sides as Street confidently took the game to their higher-ranked opponents from the off, some neat passing enabling them to create openings whilst the defence, in which Archie Heywood shone, weren't unduly troubled. Indeed, although Bath scored twice in the first half Street had as many attempts on goal albeit largely via long-range efforts which were easily dealt with by the home keeper though on forty minutes Callum Laird had the ball in the net from a scramble at a corner only to see the linesman raise his flag for offside.

They had to work a bit harder in the second half as Bath increased their pressure which told in both the 60th and 75th minutes as the clinical Alves made the most of the chances presented to him and it was the same player who sealed the win in added-on time by winning and scoring a penalty when brought down in bursting between Kyle Strange and Zeph Collins. Worth mentioning that it was a match very much played in the right spirit with no recourse by the referee to any cards.

Captains LOG

We're now very much at the business end of the season, and as everyone knows in the Western League, there are no easy games. With the next fixtures coming thick and fast, every match feels like a cup final as we look to put ourselves in the strongest possible position in the league table.

We face Helston today who are sitting just above us in the league. Picking up three points against them would be huge and would allow us to close the gap with games in hand too.

When we played Helston away they were one of the strongest sides we've faced away from home, and while we weren't at our best that day, it gives us even more motivation to put things right this time around.

The big advantage we have now is were at home, in front of our supporters and on our own pitch. Any support you fans can give us will be hugely appreciated and could make all the difference.

Big love from your Cobblers Captain Callum!

Scott SPEAKS

It's been a wet, windy and miserable January and February so far with not alot of football. The couple of games we have played we are starting to see a young side who have been ripped apart with players leaving to go to higher teams really start to show us what they can do.

Now is the challenge for them to do it more consistently. The boys are working hard away from the pitch and We now face a tough test at home in Helston and we will have to show that consistency and maturity to pick up the points.

This is a work in progress with the up heavel we have seen this season (a positive in our eyes that we have progressed so many players to higher levels) but we are doing it our way.

A VERY BRIEF HISTORY OF THE FAMOUS TABLE TOP GAME.

The Gallagher brothers have had a go (pictured) and I'm sure many people buying the programme today have at least seen the iconic Subbuteo figures and accessories-and have had a go 'flicking' the iconic pieces of this popular pastime of yesteryear.

It was invented in 1946–1947 by Peter Adolph, an RAF veteran and birdwatcher from Kent, England. Inspired by the earlier "Newfooty" game, Adolph created a more realistic version using cardboard cutouts, buttons, and wire goals.

The name "Subbuteo" is derived from the scientific name for the Hobby bird, Falco subbuteo, which Adolph attempted to use as a brand name.

The First Set: Launched in March 1947, the "Assembly Outfit" included cardboard flats, bases, and goals, requiring users to cut out and assemble players.

Evolution: Cardboard figures were replaced by hand-painted 3D plastic, with the iconic "heavyweight" figures introduced in the 1960s and "lightweight" figures in 1980.

Peter Adolph sold the company to Waddingtons in 1969. Later, Hasbro acquired the rights in the 1990s.

Despite a decline in the 1990s, the game remains a cult classic and is still produced today under license, with a dedicated community of collectors and competitive players.

For further information, there is a brilliant video on YouTube just search- My Dad Invented Subbuteo, the Table Soccer Game. It's on a Chanel called Modus which is an interview with the son of the founder made only on the past few years.

Check out eBay for Real Betis or Hibernian sets- both who are both green and white of course and who have shared the same Street Strips over the years!

Captain

Words by
John Grundy

CALLUM

The Laird family have completed the set now, as Callum Laird becomes first team captain, joining managers Scott and Craig and creating a holy Laird trinity.

As Callum poses with an S for street, you can see how much Street FC now means to the family.

I caught up with our new Captain, this past Saturday afternoon.

Left: A leader on the pitch and beyond.

"..treat every training session and game as if it was your last..."

Below: Always battling down that right side

Callum thanks for joining me, your thoughts after the game today?

I don't think the result was a true reflection of the overall performance. We set up well to limit their chances, which we did, and as the game went on we grew into it, held our own and created a few opportunities ourselves. When you're up against a side with the quality Bath have, they don't need many chances and any mistakes tend to get punished, which was the case. That said, I couldn't ask for any more from the lads. Everyone worked extremely hard off the ball to make it difficult for Bath, and when we did have possession we showed real bravery to play our football and try to create chances, disappointing to have two goals disallowed for offside, one of mine to make it 2-1 at half time. It was also fantastic to see our supporters travel in such numbers and get right behind us against higher level opposition.

You're the new captain now after Lewis Morgan has left how are you feeling about your new role?

It's a real privilege to be given the armband and lead this team on the pitch. I've always tried to lead by example and set the standards this club expects, whether I'm wearing the armband or not. When the club decided to trust me with this role, I felt honoured that they see me as someone who can represent the group and drive those standards forward.

It's a family affair at The Tannery now with your dad and brother Scott in the dug out, what does that mean to you?

It's obviously an added bonus having my dad and my brother Scott involved, as we're all on the same wavelength and want what's best for the club. But when we're at football, we put our football heads on. They treat me like any other player, and I treat them like any other members of the management team. That's how it should be, and it keeps everything professional.

You've been a key player over the last couple of seasons how are you enjoying being a cobbler?

I've absolutely loved it. From the moment I signed for the club, everyone has been so welcoming and made me feel at home straight away. It's a great club to play for, with a lot of fantastic people working hard behind the scenes. The club is on a real journey and moving in the right direction, and I'm proud to be part of that and hope I can continue to play my part in taking the club forward.

Pictured: Funny man, Callum's personality is one of the things that makes him stand out.

If Street could sign anyone footballer ever- dead or alive to be added to the squad who would it be and why?

I could name a whole squad, but one player who really stands out for me is James Milner. To play at the level he has for such longevity shows the standards he sets and how well he looks after himself. He's someone managers trust, he's adaptable to different systems and styles of play, and he'd set the example for everyone around him.

We've got some very talented young players in the squad, what would your advice be to those in the younger age groups hoping to make it to the first team?

My advice would be to treat every training session and game as if it was your last, because you never know when it could be over. I know I've got more games behind me than ahead of me, so it means a lot to me, but the same mindset should apply to anyone starting out. When your career does come to an end, you don't want to look back with regrets and feel like you could have given more.

What's your post match drink of choice?

It depends on the mood, to be honest. If we've won and there's no midweek game, then it's a Thatchers Juicy Apple. Most of the time though, it's an orange Lucozade to get some electrolytes back in.

And finally, a message for the fans

The season has been a bit of a rollercoaster so far, but with a big run of games coming up and fixtures coming thick and fast, any support you can give us, home or away, is hugely appreciated. Please keep getting behind the boys and let's make it a ride you won't want to miss.

COBB

FOUNDED IN 1880, STREET F.C. IS ONE OF THE OLDEST ASSOCIATION FOOTBALL CLUBS IN SOMERSET.

Street FC were given the nickname 'The Cobblers' due to the large shoemaking industry in the village and surrounding area.

-LERS

Above
The moustache
laden Street team
of 1908

The Club won the Somerset Senior League 5 times and the Somerset FA Senior Cup 3 times before making its first foray into the Western League a few seasons before the onset of World War One. The Club also had its best FA Cup runs reaching the First Round Proper twice, once either side of World War Two; in 1938 away to Ipswich Town and 1947 at Cheltenham Town - after beating Yeovil Town 2-1 in front of a record 5,000 crowd at The Victoria Field in the previous round.

The closest the Club came to winning the Western League Championship during the 20th century was in season 1952-53 when they were pipped to the title by Barnstaple Town, who had a 0.01 better goal average after the sides had finished level on 44 points each. Season 1996-97 saw the Club win the Somerset Senior League for a record eighth time, thus gaining promotion back to the Western League after a 37-year absence.

Ten years later, after gaining promotion to the Premier Division in season 2005-06, the Club had its best run in The FA Vase when reaching the Fifth Round Proper before losing at Wimborne Town. After finishing as Premier Division Runners-up the previous season, the 2017-18 campaign was the Club's 50th in the Western League, and was a momentous one too!

Early results were inconsistent: but starting on 12th September, manager Richard Fey's charges completed a

sensational run of 26 consecutive league victories that eventually saw the team win the title by 15 points (falling just one point short of the century) after winning 32 of their 38 games and scoring 100 goals, thus earning a place in the Southern Football League for the first time in the Club's 138-year history.

However, 2018-19 was to be the only season at the higher level for the Club as it soon became clear that Southern League football was a 'step too far': and despite a respectable seventh-place finish, the decision was taken to protect the long-term future of the Club and return to the Toolstation Western League.

In 2023/24 the Victoria Sports first joined the club to make up the reserves team squad. They did well finishing in 5th, and this season James Carey has been appointed Manager to try and get the team back to Division 1 of the county league after achieving this feat with local county league side Ashcott.

The 2024/25 season saw an 8th place finish for the club ;5 points off the playoffs, and a semi final of the league cup .Lots of success for the youth team including a new girls team and our women's team finish the season really strongly.

The 2025/26 season looks very promising with some exciting new additions and majority of last seasons first team squad remaining in green and white.
